

Sleepwalk

Sleepwalk
And I'm dreaming that we talk
Still believing
That dreams really do come true
And I'll wake up with you

Daydream
All day long it's the same dream
Something's wrong
I toss and then I turn
Wondering when you're coming home

I'm praying every single night
Waiting for the phone call that never comes
I sleepwalk through my lonely life
But when I wake up I'm still alone

Sleepwalk
And I'm dreaming that we talk
Still believing
That dreams really do come true
And I'll wake up with you
